PROPERTY AND CASUALTY DIVISION

The Property and Casualty Division, pursuant to Chapter 44, Article 50, of the Nebraska Insurance Code, is charged with the responsibility of promoting the public welfare by regulating insurance rates so they shall not be excessive, inadequate or unfairly discriminatory. To accomplish this objective, rates must be approved by the Department prior to their use. Each rate filing is reviewed by members of this division to analyze or judgmental justification for the filing.

Policies, forms and certificates of insurance are also subject to approval by the Department before they can be issued by the insurers. They are reviewed for compliance with Nebraska statutes, clarity of language, benefit to the public and coverage commensurate with the rates charged.

During 1993, the Property and Casualty Division took final action on 7,645 filings, a decrease of 474 from the previous year. Of these, 7,313 represent approvals, compared with 7,687 filings approved the previous year. Filings that were disapproved or withdrawn at our request totalled 492, compared with 432 the previous year. This includes 160 that were discarded because of a lack of response by the filer.

Of these 7,313 filings, 88 were made by advisory organizations for members and subscribers. Filings made by companies, either as independent filings or deviations, totalled 7,225.

The following is a breakdown of filings reviewed, by category:

Fire and Marine	Multi-Peril	Auto	Liability	Other
1,532	1,755	1,167	1,992	1,175

During the year, 47 experience reports were filed by statistical agents. These experience reports included premiums written and earned and losses paid and incurred in a particular line of insurance for one, three and five year periods.

Two Excess Rates and five individually rated policies were approved.

The licensing of property and casualty companies seeking authority to do business in Nebraska was transferred to another division in May of 1993.

This Division is also responsible for oversight of the Surplus Lines business in Nebraska. Licensing of agents and collection of premium taxes are now handled by other Divisions.

During 1993, this Division collected $151,431 in fees for rate and form filings and $15,185 for company admissions and amendments to Certificates of Authority.

NEBRASKA PROPERTY AND LIABILITY
INSURANCE GUARANTY ASSOCIATION

Notes to Financial Statements

December 31, 1993 and 1992

(1) Organization and Summary of Significant Accounting Policies

Organization

The Nebraska Property and Liability Insurance Guaranty Association (the Association) was created in May 1971 by state statute as a nonprofit, unincorporated, legal entity. The purpose of the Association is to provide a method of payment for certain claims against insolvent insurance companies, to avoid financial loss to claimants or to policyholders in the State of Nebraska, to assist in the detection and prevention of insurer insolvencies and to provide an association of insurers against which the cost of such protection may be assessed in an equitable manner.

Accounting Method

The Association's policy is to prepare its financial statements on the basis of cash receipts and disbursements, except for furniture and equipment which is capitalized and depreciated using the straight-line method over the estimated useful lives of the respective assets. Under this basis, revenues are recognized when collected rather than when earned and certain expenditures are recognized when paid rather than when incurred. Consequently, assessments receivable from insurers and amounts due for supplies received, services rendered, or estimated unpaid claims are not included in the financial statements.

Allocation of Revenue Collected and Expenses Paid

The Association attempts to specifically identify, to the degree allowable, all revenue collected and expenses paid. Thus, each liquidation receives its share of revenue and expense items directly related to it. The following items, are for the most part, specifically identifiable; assessments collected, losses paid, loss adjustment expenses paid, refund of assessments and certain general and administrative expenses.

Income Taxes

The Association is a tax-exempt organization under the provisions of Section 501(c)(6) of the Internal Revenue Code.

(2) Assessments

The Association collects assessments from each member insurer (qualifying entities licensed to write insurance in the State of Nebraska) in proportion to the net direct written premiums of the member insurer in relation to the net direct written premiums of all member insurers. In addition, the Association may make an assessment for the purpose of meeting administrative costs and other general expenses not related to a particular impaired insurer. The member insurer may deduct one-fifth of the assessment each year for five years from its state premium tax liability. Should the Association recover any sum representing amounts previously written off by member insurers and offset against taxes, this recovered amount is paid by the Association to the Director of Insurance for the State of Nebraska. If the recovery is before the end of the year in which the assessment was made, the Association reimburses this amount directly to the member insurer and no premium-tax offset is allowed.

(Continued)

(3) Claims

The Association is obligated only to the extent of the covered claims existing prior to the date a member insurer becomes an insolvent insurer or arising within thirty days after the member insurer has been determined insolvent. For a claim to be covered, it must arise out of and within the coverage of an insurance policy issued by the member insurer and the claimant or insured must be a resident of the State of Nebraska or the property from which the claim arises must be permanently located in the state.

(4) Estimated Unpaid Claims (Unaudited)

As of December 31, 1993, the Association estimates unpaid claims to be as follows:

Insolvency	
Excalibur Insurance Company	$ 14,000
Iowa National Mutual Insurance Company	278,000
Transit Casualty Company	5,000
Carriers Insurance Company	471,000
Mission Insurance Company	20,000
Integrity Insurance Company	1,858,000
American Mutual Liability Insurance Company	25,000
American Mutual Insurance Company	261,000
Rockwood Insurance Company	849,000

These amounts are estimates and the ultimate settlement of losses may vary from the amounts above. No representation is made by the Association that the ultimate liability may not be in excess of the above figures. Certain insolvencies have not had assessments levied as of December 31, 1993 to cover the estimated claims.

(5) Lease Commitments

The Association leases office space under a noncancellable operating lease which expires September 30, 1994. Future annual lease payments under terms of the lease are approximately $7,350 for 1994. Total lease expense for office space was approximately $9,800 for the years ended December 31, 1993 and 1992.

(Continued)

(6) Assessment Refund

The Association previously assessed member insurers for three insolvencies based on case reserves estimated at the time of insolvency. The member insurers have since offset the assessments against their respective premium tax liabilities. In subsequent years, the Association received a significant amount of funds from the insolvent insurers' liquidators. These funds, along with the interest earned on the assessments, were sufficient to cover the majority of claim payments made by the Association for these three insolvencies.

Accordingly, the Association's Board of Directors has preliminarily authorized an assessment refund of approximately $360,000 payable to the Director of Insurance for the State of Nebraska. This refund is scheduled to be paid in March 1994.

Nebraska Life and Health
Insurance Guaranty Association

Financial Statements
December 31, 1993 and 1992
(See Independent Auditor's Report)

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION

Nebraska Life and Health Insurance Guaranty Association is a nonprofit, unincorporated association organized and established by the Nebraska Life and Health Insurance Guaranty Act, Sections 44-2701 thru 2720, R.S. Supp. 1975, which provides for the creation of an association of member insurers to enable the guaranty of payment of benefits and the continuance of coverage of life insurance policies, health insurance policies, annuity contracts and supplemental contracts. Any insurer licensed to issue life and health insurance policies, and annuity and supplemental contracts in the State of Nebraska is required to be a member.

Association members may be assessed three types of assessments as follows:

Class "A" - Assessment for administration expenses of the Association.

Class "B" - Assessment to cover insurance benefit claims and expenses of domestic (Nebraska) insurance companies which are declared insolvent by the State of Nebraska Department of Insurance.

Class "C" - Assessment to cover insurance benefit claims and expenses of foreign (other than Nebraska) insurance companies with policyholders in Nebraska which are declared insolvent by the State Department of Insurance.

NOTE 2 - ACCOUNTING POLICIES AND INCOME TAXES

The Association maintains its accounting records and prepares its financial statements on the basis of cash receipts and disbursements. Consequently, income and the related assets are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Separate funds are maintained by type of assessments and by insurers. Interest income is allocated to the respective funds based on the average monthly balances of each respective fund. Funds with positive balances are credited with their allocable share of interest income, and funds with negative balances are charged with interest expense on their deficit balance.

The cost of equipment is capitalized and depreciated over five to seven years by the straight-line method.

The Association is a nonprofit, unincorporated entity of the State of Nebraska and, therefore, no income tax returns or return of organization exempt from income tax are required to be filed.

NOTE 14 - CONTINGENCIES (Continued)

Midwest Life, Louisiana (Class C25)

This Association has a claim against the estate of Midwest Life Insurance Company for $2,005,439 for assuming the statutory obligations to the covered policyholders arising from the liquidation of Midwest. A partial distribution of $225,789 was received on October 1993.

NOLHGA is considering whether guaranty associations should join a class action suit against a brokerage firm that procured nearly 90 percent of the Midwest Life annuity business. Conflict of interest and self-dealing are being charged.

Mutual Benefit Life, New Jersey (Class C27)

The Board of Directors on February 9, 1993, approved participating in the Mutual Benefit Life rehabilitation plan. On November 9, 1993, the Judge handed down his final order for rehabilitation. The rehabilitation plan granted creditors the right to receive stock in the insurer in payment of their claims. The New Jersey Insurance Commissioner is putting the rehabilitation plan into effect.

Andrew Jackson Life, Mississippi (Class C30)

On August 27, 1993, Central Security Life of Richardson, Texas, assumed the insurance business of Andrew Jackson Life. All affected guaranty associations participated except Louisiana, which deferred closing on its own covered obligations until certain actuarial adjustments could be made.

Old Colony Life, Georgia (Class C33)

The assumption of Old Colony's life insurance business by Aetna Life Insurance and Annuity Company is being discussed by a working group, Aetna representatives and the Georgia Department of Insurance. An agreement is to be filed in January 1994, and plans are to close in the second quarter of 1994.

Fidelity Mutual Life, Pennsylvania (Class C35)

A confidentiality agreement was negotiated under which NOLHGA may obtain information needed to assist Fidelity Mutual if guaranty association support of a proposed rehabilitation plan becomes necessary.

Pacific Standard Life, California (Class C36)

The Board of Directors on November 22, 1993, approved participation in the Pacific Standard Life Rehabilitation Plan and GA Enhancement Agreement. Approximately 97% of affected guaranty associations have approved the rehabilitation plan whereby Hartford Life Insurance Company will assume the insurance business of Pacific Standard Life.

NOTE 14 - CONTINGENCIES (Continued)

Kentucky Central Life, Kentucky (Class C37)

The Kentucky Insurance Commissioner is receiving a second round of bids for a possible sale. Kentucky Central Life is suing a real estate tycoon for $13.1 million for delinquent loans. The real estate tycoon's ventures owe Kentucky Central Life about $100 million for nationwide real estate projects and his heavy borrowing contributed to the company's failure.

Consumers United, Delaware (Class C38)

A NOLHGA Task Force met with the receiver to review the company's deteriorating financial condition and to discuss possible liquidation plans. Recognizing the probability of liquidation, the receiver is actively searching for a buyer for the company's insurance business.

American Integrity, Pennsylvania (Class C40)

The Board of Directors on November 22, 1993, approved a Quota Reinsurance Agreement for American Integrity Insurance Company with Employers Reinsurance Company. It is necessary for each guaranty association to pay the premiums on the Quota Reinsurance for the period July 1 thru October 1, 1993, or the reinsurance coverage is cancelled. Also, the Board of Directors approved to enter into a service agreement with National Benefits Corp. for handling benefit claims.

A NOLHGA Task Force is reviewing bids received for the assumption of the insurance business of American Integrity.

Reports are received weekly from NOLHGA to inform the Nebraska Life and Health Insurance Guaranty Association about the status of impairments and insolvencies of life and health insurance companies nationwide.
